NEW 1992 STARK COUNTY AMATEUR DIRECTORY IS HERE

Thanks to Duncan Press, the new 1992 Stark County Amateur Radio Directory has been printed and ready. They were distributed at the February CARC Meeting, to all Sustaining and Full members. That is one of the benefits of being a CARC Member, a free directory to all Sustaining and Full members. Extra directories and to all others that wish to have a new up-dated directory, for the donation of one dollar, this very useful Amateur Directory is yours. They will be available at all club meetings from Bill KBJZN. Or you can get one from Bill anytime you see him. At home or in his car, he will have the directories. If you can't attend the meetings and know a buddy that is going, have him get one or two for you.

The new directory has 963 calls listed, plus the cross-reference by name, a list of Silent Keys, list of local two meter repeaters and a 440 repeater list has been added. Each listing includes the Call, First Name and Last Name, Address, City, Zip Code and Phone Number. Get your copy now and an extra one for the car.

If you wish to have a directory mailed to you, there will be an additional charge of \$.80 to cover three units of postage and the envelope.

OLD RADIOS AND CARC - by Al Johnson N4UOF - printed in "Ham News Outlet" modified for CARC

"The N4UOF Challenge"

Ever bought an unscratched (Heath or Collins) rig at a hamfest? You

take it home and realize that you made THE BIG MISTAKE!!! It was unmarred because it never worked and/or was never used! You mistook appearance for reality!

Yet, ever find an old beat-up radio? Even its owner thinks it doesn't work, but you take a chance, take it home and it works perfectly!! Those scratches and the worn paint on it came from long usage (experience?). You suddenly realize you can't use something without causing wear and tear. Appearance again is NOT reality.

This works for people too!! Ever notice that some folks you thought were friends really were not. They LOOKED like friends, but in reality they were using you for their own selfish ends, while your REAL friends were making you mad by telling you the truth? Again, you were fooled into thinking appearance was reality.

It is said that you can't make omelets without breaking some eggs. I am told there are three kinds of people in the world:

1. Those who MAKE things happen.
2. Those who WATCH things happen.
3. Those who DON'T EVEN KNOW what is happening!

I want to "challenge" you to be someone who breaks eggs and makes omelets. Be someone who makes things happen. Be a "CARC LOVER". Go to every CARC meeting you can (at least KNOW what is happening), and then MAKE things happen. Make CARC stretch and grow. Challenge ALL ASSUMPTIONS. Never assume that another ham YOU think is the dumbest person alive cannot teach you something new (EVEN IF IT IS A LESSON WHAT "NOT" TO DO). Always treat everyone with dignity (again appearance does not equal reality). Don't be afraid of change. CARC cannot continue to grow without change. Don't be someone who WATCHES things happen, MAKE things happen!

But even if the good you do is totally ignored (expect that to happen - "Success has many fathers. Failure is an orphan"). You will have the satisfaction of knowing that "YOU" made that contribution, despite all its new found fathers! Don't be someone who never takes chances and who takes appearance to be reality.

Try not to criticize the efforts of others (it is always easier to criticize than to build up), but if you see wrong being done, do not hesitate to at least ASK about it. Smart folks learn from their own mistakes, but the smartest people learn from the mistakes of others! Only problem is SOMEONE HAS TO HAVE THE COURAGE TO MAKE THE MISTAKE IN THE FIRST PLACE!!! NICE THING ABOUT AMATEUR RADIO IS THAT YOU WON'T GET FIRED IF YOU MAKE ONE. WHY WAIT FOR OTHERS TO ACT? BE A MOVER AND SHAKER. BE A LOVER OF CARC!!

YES, I'll take a scratched and dented rig THAT WORKS every time over the beautiful polished cabinet (that doesn't work or has to be begged to work) every time (you can always make a new cabinet!) - how about you??

## VOLUNTEER EXAM RESULTS

On Saturday February 29th, the volunteer Amateur Exams were held at the Emergency Preparedness Center. In spite of a snow storm, thirty six people showed up for the exams. Twenty were successful in passing and upgrading.

From Stark County, the successful were as follows. Lee Covert KABFTM, went from Novice to General (just call him General Lee, Hi), Bob Harter KF8PG, went from Advanced to Extra Class, Dale Osborn KF8CD, also went from Advanced to Extra Class, Scott Mathews NBJSK, went from General to Advanced and Bob Knotts N8NMY went from Tech to General.

Bill Moretta from Louisville, had previously passed the Novice written and the 20 WPM code and was waiting for the ticket to arrive. He took and passed the Technician and General tests, passing with flying colors, took the Advanced but didn't quite make it, so he is now a General Class Amateur and still does not have a call to get on the air.

Those passing the No-Code Tech from Stark County, are Ricky Deem (son of Bill WC8I and Vicki Deem KABWFM), Duane Crawford from North Canton, Ken Miller also from North Canton and Walt Klingaman from Canton.

So, in our area, we now have three new Extra Class, two new Advanced Class, four new General Class, two new Technician Class and nine new No-Code Technicians for a total of twenty upgrades.

For this session, Dick Stellarini WB8VUN (our VE Coordinator), had a team of twelve Volunteer Examiners. They were Frank KE8G, Don WQ8J, Mike WA8MKH, Rex KABUSE, Scott K8BD, Gary WC8W, Judy N8AIM, Kay WB8LNK, Julius K8BXD, Randy K8BJN, John K8BNR, and Jim K8BGHZ.

The next testing session in Stark County will be on Saturday May 30th.

## NEW MEMBERS

Since the membership list was published in the last Feedline, we have had four former members and four new members join the ranks of the Canton Amateur Radio Club, as of March 1st.

They are Bob Comer W8BLVY, John Kovach K8BNR, Frank Paprzycki KE8G, Dolly Paprzycki K8BMNU, Dale Storey K8BLWP, Dennis Day N8RNM, Dick Haren N8QJW and Brian Beaman WB3LJC.

WE EXTEND A HEARTY WELCOME TO THE NEW MEMBERS.

\*\*\*\*\*

## FEBRUARY CARC MEETING MINUTES

The February 19, 1992 regular meeting of the Canton Amateur Radio Club was called to order at 7:32 PM by President Mark Warrington N8LZB. The usual round of introductions followed with 51 members and six

guests in attendance.

SECRETARY'S REPORT - There were no additions or corrections to the minutes of the January meeting and they were approved as published.

UPCOMING HAMFESTS - Cuyahoga Falls Hamfest on Sunday February 23, 1992 at the old Children's Palace on Route 8. Sunday March 22, 1992 is the 14th annual Lake County Hamfest, Madison High School, Madison Ohio. Directions on 147.21.

TREASURER'S REPORT - Larry Schmader K8RMY, reported a balance of \$3088.00 in the club treasury.

QSL CARD CONTEST - Jerry Shrigley K8BAHF, reported that as of February 19, 1992, the club has received a grand total of 5 entries. Remember the deadline for entries is March 18, 1992.

OLD BUSINESS - The Trustees decided to let the club run the Scholarship program. Akron University has offered to assist the club with this program. Additional details need to be worked out.

NEW BUSINESS - Jack Wade N8LCS, introduced Mary and Diane from the Multiple Sclerosis Society. The club has volunteered to assist with communications for the Super Cities Walk on April 5, 1992. This year's walk will be 9.3 miles, beginning and ending at the Hall of Fame Fitness Center.

Frank Dearman WB7UY, moved that the club purchase a set of ARRL License Manuals and donate them to the Electronic Technology Institute. The motion passed.

Bill Parks K8JZN, announced that the new 1992 Stark County directories are available. Full and Sustaining members will get a free copy. Copies are available to non-members for a one dollar donation to the club.

REPEATER COMMITTEE REPORT - Jerry Shrigley K8BAHF, reported on the trouble the club had with getting and keeping a phone line for the repeater. The repeater phone line was installed on November 27, 1991. Prior to the installation of the phone line, the club was required to make a \$50.00 deposit at a local bank and report the deposit to the phone company. The deposit was made and reported on November 25, 1991. On January 15, 1992, the club received a letter from the phone company, informing us that they could find no record of our deposit. The letter further explained that if we could not provide the phone company with proof that a deposit was made, our phone service would be terminated on January 20, 1992. Over the next two days, four phone calls were made, and two faxes were sent to try to correct this problem. Finally, on the 17th of January, Sandy Shrigley K8BFZX, received a call from the phone company telling us that they had a clear copy of the receipt and our phone service would continue. On January 20, 1992, Sandy received another call asking for the name and branch of the bank at which the deposit was made. Finally on February 4, 1992, the phone company again called Sandy with the good news that the deposit money had been found and the money would be credited to our account. For those of you keeping score, that's 72 days from the date of the deposit until the money was credited to our account.

50/50 DRAWING - Herb Mallon W8LHY, won \$19.25.

The program for the evening was presented by Jack Wade N8LCS. Jack showed the club a video of a recent training exercise of the Civil Air Patrol.

The meeting adjourned for donuts and eyeball QSO'S.

Respectfully Submitted by  
Jerry Shrigley K8BAHF  
CARC SECRETARY

\*\*\*\*\*

#### CLUB JACKETS

I have had several members inquire about club jackets. It has been several years since we have had any club jackets purchased.

There are two styles that we have gotten in the past. One is the pile lined one that we can get with the club decal on the back and your name and call on the front for \$38.00. The other style is the flannel lined light weight jacket with the club decal and your name and call on the front for \$28.00. They are the Royal Blue color that you see some of us members wearing around.

If you wish to purchase a club jacket, please let me know (Bill K8JZN) by March 30th, so I can place the order. I will need to know your size (medium, large, extra large), your name and call that you want on the front of your jacket.
